

DATASHEET

Bluetroll Mobile, mobile tank system for drums

Order number: 10277

DESCRIPTION

- high-quality, self-priming diaphragm pump made of robust plastic
- compact system design for flexible applications
- Automatic dispensing nozzle made of plastic for safe and clean refuelling
- with dispensing nozzle bracket with drip container to prevent soiling
- 0.5 m suction hose with AF2 coupling and adapted suction pipe for easy installation

TECHNICAL DATA

External dimensions (l x w x h)	75 x 76 x 110 cm
Weight	34 kg
Pump Drive	pump
Pump Model	diaphragm pump
Max. Flow Rate	35 l/min (max.)
Operating Voltage	230 V
Maximum Delivery Pressure	1.5 bar
Warranty in years	1
Assembly condition	in parts
Plug	protective contact

EQUIPMENT

Dispensing Hose Length	6 m
Dispensing Nozzle	Automatic
Cable Length	2

SUITABLE MEDIA

AdBlue®

LOGISTICS

Units per pallet
